

PRODUCT LIST

CARBON CARTRIDGES REGULAR

Carbon impregnated paper with netting outside. Used for removal of free chlorine, removal of foul tastes, odours, colours, sediment removal, and for purification in plating and photo finishing applications.

This impregnated carbon cartridge is constructed with an outer layer of polyolefin and synthetic fibers which removes solid particles and protects the inner carbon powder layer from premature clogging. The sulphur-free carbon provides increased carbon treatment capacity. Available with core cover, which again filters the solution and assures no carbon bleed-off occurs.

Model #	Micron	Length	Packaging
CIP-80-10	5	9.75"	24 Per case
CIP-80-20	5	20"	12 Per case
CIP-80-30	5	30"	12 Per case
CIP-BB-10	5	9.75"	8 Per case
CIP-BB-20	5	20"	4 Per case

Carbon Impregnated Cellulose / Netting / End Caps / F.D.A.

CARBON BIG BLUE CARTRIDGES

Model #	Micron	Length	Packaging
CIP-BB-10	5	9.75"	8 Per case
CIP-BB-20	5	20"	4 Per case

Carbon Impregnated Cellulose / Netting / End Caps / F.D.A.

PRODUCT LIST

CARBON WOUND CARTRIDGES

Outer wound materials, with high-grade powder activated carbon, impregnated in cellulose paper. Outer wound materials include spun polypropylene, fibrillated polypropylene and bleached cotton. Used for: Potable water, food and beverages, removal of chlorine, foul tastes, odours, and colours. Removal of trace dissolved organics, sediment removal, photo processing solutions, graphic arts, plating solution clarification

This outer wound carbon cartridge features layers of paper impregnated w/ activated powdered carbon. The outer winding acts as a pre-filter, the carbon impregnated paper removes the organic contaminants as well as undesirable tastes, odours, and sediments.

Bleached cotton yarn

Model #	Micron	Length	Packaging
B005CS975	5	9.75"	24 Per case
B005CS1950	5	19.5"	12 Per case
B005CS2925	5	29.25"	12 Per case
Carbon Impregnated Cellulose / F.D.A.			

Natural cotton yarn

Model #	Micron	Length	Packaging
C005CS975	5	9.75"	24 Per case
C005CS1950	5	19.5"	12 Per case
C005CS2925	5	29.25"	12 Per case
Carbon Impregnated Cellulose / F.D.A.			

Polypropylene yarn

Model #	Micron	Length	Packaging
G005CS975	5	9.75"	24 Per case
G005CS1950	5	19.5"	12 Per case
G005CS2925	5	29.25"	12 Per case
Carbon Impregnated Cellulose / F.D.A.			

Also available in other combinations of materials and micron ratings
